Summary

I am a Computer Science student and passionate about building software. I love programming, problem solving using programming and learning new technologies to solve real time problems.
Technical Skills :
- Python
- Java
- JavaScript
- Responsive Web using HTML & CSS
- Git commands & Git branching
- Knowledge about flask

Experience

Android Developer   *Internship*
APSSDC   *may 2020 - july2020*
- Collaborated with team to develop an New Application in Android.
- Communicated with senior Android Developers and a team of engineers.
- Took leadership during the project.

Mini Project

Desktop Assitant Application
- Speech Recognition application.
- Built using Python programming language.
- Plays music,videos and give weather updates from internet.
- Opens applications using voice commands.

Personal Projects

EthereumUnitConverter
https://ahmadbshaik.github.io/ethereum-unit-converter/
- Converts one unit of ethereum currency to another units
- Used string manipulation to avoid scientific notion and produce exact output.
- Used Vanilla JavaScript for converting units
- Used HTML and CSS for Responsive Web Page

StayInspired
https://ahmadbshaik.github.io/stay-inspired/
- Displays inspirational quotations.
- Used fetch to pull data from external api https://api.quotable.io/
- Displays random quote by default, have button to get new quote.
- Used Bootstrap for Badges.

QuizApp
https://ahmadbshaik.github.io/quizapp/
- Single page application using DOM.
- Static Web App with 12 Multiple Choice Questions.
- Used Bootstrap for responsiveness.
- Have bottom navigation to navigate among questions.

Education

B.Tech in Computer Science and Engineering *- 6.12 GPA till 5th semester*
Geethanjali Institute of Science and Technology, Nellore, Andhra Pradesh, India.(JNTUA)   *2018 - 2022*
